

Photographer

Edition Jan 16, 2013

PaLM is looking for people who are willing to take digital pictures for publication on our website. A photographer must have and use his/her own equipment and must be able to take 8X10 resolution pictures.

The photographer, when available and able, will be asked to take digital pictures of people, events, activities, conferences, etc. for possible publication on our website.

You can volunteer to be one of two types of photographers:

1. "Pro" in the sense that you are willing to be sent to different jobs, locations, events as assigned. Of course, you need to be available and willing to go.
2. "Amateur" in that you are attending an event and are willing to take pictures for us for possible publication on our website.

If interested in either position, email Howard at website@palmny.org with the following information:

Full Name
Home Address
Cell Phone, if no cell phone, home phone
Email address
Name of church you attend

If you are seeking the "pro" position, please submit a set of 10-12 sample pictures of your work. If you are accepted to this position, your name will be added to our resource list for future use. As assignments become available, we will contact those on our resource list to see who is available and willing to fulfill the needed work.

Amateurs can email me (website@palmny.org) to let me know of their desire to send us pictures of an event, activity, conference, etc. they are attending for potential publication on our website.

You will not be paid for the pictures you take, nor will we reimburse you for any expenses you may have incurred while doing your photo shoot. However, IF WE ASK you to cover an event that requires an admission fee, PaLM will reimburse you the admission fee.

All pictures submitted to PaLM will become the property of PaLM for our use and at our discretion. However, you will receive a by-line or some acknowledgement of your contribution unless you request to remain anonymous.

In case you were not aware, the IRS allows volunteers to deduct their "out-of-pocket" costs incurred while providing their donated services.

The latest IRS Guideline can be found here: http://www.irs.gov/pub/irs-utl/charities_and_their_volunteers_working_together_to_help_the_public.pdf
