

## Black on Asian Crime Statistics

Black on Asian Crime doesn't get reported in the news often, but that doesn't mean it's not a major issue. You'd be surprised to find that Black on Asian Crime is 280 times more common than Asian on Black crime!

### Black on Asian Crime Reporting

It's rare to see statistics of Black on Asian crime and Black on Chinese crime published in popular media. Thankfully, the US Department of Justice publishes an annual victimization report shows detailed statistics from which we can distill insight into Black on Asian crime. Ideally we'd like to get insight of Black on Chinese crime, but the statistics aren't that detailed yet. This analysis of Black against Asian crime was based on the 2018 report.

### Black on Asian Violent Crime Statistics

In 2018, there were 182,230 reports of Asian victims. Of these, the offender was white 24% of the time and Black 28% of the time. For comparison, the US population is 62% White, 12% Black, 17% Hispanic, and 6% Asian.

So while the US population has more white people than black people, Asians are victimized in violent crime by Black people more often than by Black people even without adjusting for the population difference.

What about the other way around? How often are the offenders in violent crime against Black people Asian? From the same study, Asians were the offenders in less than 0.1% of the violent crimes against Black people, while white people were the offenders in 11% of the time.

#### Percent of violent incidents, by victim and offender race or ethnicity, 2018

Victim race/ ethnicity	Number of violent incidents	Offender race/ethnicity						Multiple offenders of various races
		Total	White <sup>a</sup>	Black <sup>a</sup>	Hispanic	Asian <sup>a</sup>	Other <sup>a,b</sup>	
White <sup>a</sup>	3,581,360	100%	62.1%*	15.3%†	10.2%†	2.2%†	8.1%†	2.1%†
Black <sup>a</sup>	563,940	100%	10.6†	70.3*	7.9†	<0.1!	9.3†	1.9!†
